We advise to not send in any shoes of a customer. Firstly, you cannot display them indefinitely in your store when you win a prize. Secondly, the shoes will be in our (NSV) possession for too long. Additionally, so not use shoetree. These are only meant for short term. The jury period for the competition is too long, during which the shoes can loose their shape. You can fill in the shoes with different material. Package the shoes carefully and keep in mind that the shoes will be taken out and into the box multiple times.
